

## Bowling and netball fun at Silverpoint Court Residential Care Home

### Bowling

On Tuesday 2 February we were delighted to have 15 residents join us in the lounge for some bowling fun together here at Silverpoint Court Residential Care Home.

The room was a **hive of activity** with everyone joining in **chatting, laughing and cheering** when the balls got close to the white.

We enjoyed music playing in the background and it was just lovely to see so many residents joining in.

### Netball and balloon games

In the afternoon we had a full house for netball and balloon games, with a backdrop of **rock and roll music** which was chosen by our residents. There were **lots of concentrating faces**, as everyone tried to hit a balloon or get one in our portable net.

All our staff came to see where all the happy noises were coming from and then joined in the fun themselves. Our ladies and gents loved our staff getting involved.

*What a fun afternoon!*
