

## Christmas decorations at Silverpoint Residential Care Home

Once again we put our creativity to the test at Silverpoint Residential Care Home with a few more of our residents; this time we had a helping hand from some family members.

We had a very enjoyable session **painting Christmas box lantern decorations** for our Home, which turned out really well, with lots of bright colour.

Once we've fully decorated Silverpoint Court, we're sure the final results will speak for themselves.

*We're definitely feeling festive!*
