

Coffee morning and Weekly Sparkle at Silverpoint Court Residential Care Home

Coffee morning

Our residents came together for our regular coffee morning this week here at Silverpoint Court Residential Care Home.

They very much **enjoyed the interaction with Belinda** from our Recreation and Well-Being Team, as well as their fellow residents as they enjoyed their warming coffees.

The **Weekly Sparkle magazine** is always packed full of interesting articles, perfect for reminiscing about people, places and trends of the past which is a great way to spark some super debates and discussions.

Hydration trolley

This week our hydration trolley had a choice of **delicious strawberry milkshakes (served in posh cocktail glasses!)** or **refreshing appletizer**; both were a great success!

We played **music** as we took the trolley around to visit everyone. *Smiles all around!*
