

Coffee morning reminiscing at Silverpoint Court Residential Care Home

We had a full house for our popular coffee morning this week at Silverpoint Court Residential Care Home and enjoyed lots of discussions on a range of subjects.

We talked about everything from how surgeons did **hip replacements** (as some of our residents have had the operation) to **Russ Conway** the piano player!

We chatted about the **Kodak Box Brownie camera** which a lot of our residents had in the past, plus memories of sitting in a shop and **listening to records in a booth**. There was a lot of debate about this as some of our ladies and gents said that they use to just listen to the records and not buy them, as it was just a fun way to spend time!

We enjoyed the **Sparkle quizzes together** as part of the morning too.

Another enjoyable shared session – when it was lovely to hear our residents reminisce.

Bingo

Today we enjoyed a fantastic **bingo day**, with lots of participants. We played four games in total, with a **good few winners!**
