

Crafts and gardening at Silverpoint Court Residential Care Home

Bath bomb making

On Tuesday 18 July Adrienne and Rose assisted in making bath bombs from scratch here at Silverpoint Court Residential Care Home.

They both enjoyed mixing the ingredients and putting them into the moulds. They were very proud of what they had made.

In the garden...

Ella came out to the **vegetable garden** that she helped plant. She was extremely proud of how the vegetables had grown and she watered them as she wanted them to get even bigger!
