

Egyptian and Valentine preparations at Silverpoint Court Residential Care Home

Egyptian art

Our residents at Silverpoint Court Residential Care Home had a really enjoyable afternoon last week, making Egyptian headdresses in preparation for our mini cruise later this month.

Everyone got very creative with their choice of **colouring pens**, using lots of colours, and it was great to see everyone getting involved and using their artistic flair.

Valentine decorations

We continued our creativity when we **decorated red bottles with themed stickers** in preparation for **Valentine's Day**.

Our creations looked great and we're looking forward to displaying them on our dining tables on 14 February.

Our residents can be very proud of their efforts; it was lovely to see everyone socialising and having a super time enjoying this activity.
