

Fruit twist cocktails at Silverpoint Court Residential Care Home

Delicious drinks

On Thursday 2 September we served refreshing fruit twist cocktails and ginger beer with lime for our residents at Silverpoint Court Residential Care Home.

Our fruit twist creation was a particular favourite as it tasted like rhubarb and custard and our residents said it was delicious. The ginger beer had a real bite to it – sharp, but sweet and tasty!

As we delivered the drinks we played the song '*I do like to be beside the seaside*' which got everyone singing along to the music, with big smiles on their faces.

Nifty nails

Our lovely resident **Beryl** had her nails done last week and enjoyed chatting at length about her holidays as they were being painted.

She was very pleased with the finished result!
