

Hawaiian Day at Silverpoint Court Residential Care Home

We had great fun last week here at Silverpoint Court Residential Care Home when we hosted our very own Hawaiian Day – *and wow, it was such a stunning day we could have actually been in Hawaii!*

Our residents thoroughly enjoyed our **guest singer** who not only had an amazing voice, but was very charismatic with our ladies and gents.

We had **musical instruments** out to join in with the music and Pete George the guitarist and singer let Julie from our Recreation and Well-Being Team have a little go and she played a few tunes.

As it was such a warm day, **hydration was top of our list**, with hats, shade and sun-cream in abundance to keep everyone comfortable.

We had a fantastic day we had! Everyone **dressed up** and thoroughly enjoyed being outdoors together.

Julie commented: "I was told that I make such a difference and make life worth living by our gents today and I was quite overwhelmed. It was so wonderful to see everyone having such a good time."
