

## Japanese cruise fun at Silverpoint Court Residential Care Home

**Our Silverpoint Court Residential Care Home residents have been enjoying our Nellsar cruise to Japanese this week.**

We've been tasting some **traditional Japanese cuisine including vegetarian sushi**, with chopsticks. It was great to see everyone sampling the interesting textures and flavours.

Our ladies and gents have also been listening to some **Japanese music** and took part in a **quiz** to test their knowledge of the country.

*Our whole week has been both enjoyable and educational as we immersed ourselves in Japanese culture.*
