

## Making bird feeders at Silverpoint Court Residential Care Home

**On Thursday 20 April we had a great time making bird feeders with our Silverpoint Court Residential Care Home residents – with lots of laughter as it was very messy, but this added to the fun!**

We had the **Mamma Mia soundtrack** playing in the background which was chosen by our ladies and gents, and they enjoyed singing along.

We will hang our feeders in the garden – *we know our feather friends will love them!*
