

## **Pontoon and historical photographs at Silverpoint Court Residential Care Home**

**On Monday 10 May, our residents Sylvia Leah and Dorothy enjoyed a game of pontoon ('stick or twist') in the afternoon here at Silverpoint Court Residential Care Home.**

We used **cubex cubes** which have six playing cards inside each, so they can be rolled like dice and their numbers counted. *Great fun!*

Later Lily helped Recreation and Well-Being Champion Lynda put **historical black and white photographs of London** up in a large frame by our lift.

Lily really enjoys learning about the history of London – the markets, Great Ormond Street, the Krays and the East End during the war.

The display makes a great focal point for conversation.

Playing pontoon
