

Residents reunited with loved ones at Silverpoint Court Residential Care Home

Over the past week at Silverpoint Court Residential Care Home we've been getting used to relatives coming to visit their loved ones at a social distance.

There have been tears and there has been laughter, but most of all our residents have their mojo back, which is fantastic to see! Being able to spend time with family has given our residents such a boost – *we look forward to more visits in the weeks ahead.*

Delicious desserts

And another amazing boost – our Kitchen Team has made some scrumptious fine dining desserts. They look and taste divine!
