

Sensory game fun at Silverpoint Court Residential Care Home

'Smell and tell' game

Some of our Silverpoint Court Residential Care Home residents really enjoyed playing a new game called 'Smell and tell' last week which involved smelling different pots and matching them to a list of scents.

We had fun chatting together, playing the game and guessing all the different scents – bubblegum, cucumber, pine, peppermint, cinnamon, olives, chocolate, clove and bacon, to name a few!

We also enjoyed some **cake baking** during the morning, which added to the fun!
