

## **Silverpoint Court Residential Care Home enjoys more socially distant visits**

**It's been wonderful to see more loved ones visiting our residents here at Silverpoint Court Residential Care Home and the lovely weather has been perfect for time in the garden with family members.**

**Leah** received a beautiful picture and message from her granddaughter to say how much she misses and loves her. The picture shows Leah in her younger days, with very funky clothes, hair and earrings!

*It's sweet gestures like these that really make all the difference to our residents' days.*
