

Silverpoint Court Residential Care Home residents enjoy aqua painting

On Thursday 14 September a group of our Silverpoint Court Residential Care Home residents joined in with an aqua painting session which they found very engaging.

*It took quite a bit of concentration, as some residents did not want to go over the edges! They enjoyed seeing the hidden pictures start to reveal themselves as they added water with brushes – **fish, butterflies, trains, motorbikes and even knitting needles and balls of wool** appeared. Great fun!*

It was lovely to see some new faces participating; well done to **Jerry, Ron, Carol, Ella, Jean** and **Ivy** for their creativity.

We also enjoyed **rock 'n roll music** during the afternoon with some great singalongs.
