

Silverpoint Court Residential Care Home residents enjoy discussing Sparkle topics

We had a very enjoyable coffee morning this week at Silverpoint Court Residential Care Home with lots of our usual interesting discussions.

We chatted about **Johnny Morris** and how he made animals talk, the lovely actress **Meryl Streep** and the films she has been in, plus the early video recorder.

With the recent summer solstice, we discussed **Stonehenge** and how people gather around it on midsummer night.

We also had a debate about the differences between **battery and free range eggs** – and some of our residents did not like the idea of chickens being in battery cages.

It's such a good session to get everyone talking, discussing themes and socialising, and everyone enjoys articles being read aloud.
