

## Silverpoint Court Residential Care Home residents enter poster competition

**Our residents at Silverpoint Court Residential Care Home have been getting creative recently, designing a poster that we entered into a 'Prosper Virtual Champions Day' competition, to win a robotic cat for our Home!**

Themed around the letters from words 'Hydration' and 'Nutrition', we used patterned craft paper, pictures of delicious food and drinks, and photos of our residents to create our brilliant poster.

The piece represents our residents and their daily **nutrition and hydration**, but also highlights some of the **daily activities** our residents get involved with.

Although we didn't win the competition, our residents are all winners for taking part in making and publishing such a great display – *well done everyone!*
