

## **Silverpoint Court Residential Care Home residents go out on the town**

### **Arts, crafts and puzzles**

**On Monday 1 August, our residents here Silverpoint Court Residential Care Home finished off the personalised place cards which that started last Friday.**

Everyone did exceptionally well and they were amazed at their finished cards! We also had some fun with puzzles and quizzes, and John's enjoyed topping up the bird seed.

### **Out on the town**

Residents Marjorie, Vera and Belynda enjoyed a trip into town Tuesday 2 August to have tea and cake; they thanked our Recreation and Well-Being Team for a lovely afternoon. It was a lovely sunny day and people came up to chat – the hustle and bustle was amazing and the atmosphere was so positive.

## Coffee morning and Daily Sparkle

We had a really great coffee morning today (Wednesday 3 August) with a full house! Everyone talked about all the articles and we also went off subject on some of them. We discussed 'Family Favourite' which was a radio show that people listened to after the war; during the war it was called 'Forces Favourite'.

We also chatted about Nancy Wake who was a French Resistance fighter from New Zealand – a very clever lady and she lived to tell her story. We also voiced our opinions on National Service and how it affected the young men who entered into it.

War-related chit-chat was a hot topic for this morning as some of our residents love to reminisce about the past and what post-war life was like.

## Daily Sparkle®

War-related chit-chat was a hot topic
