

## **Wild Science and Weddings at Silverpoint Court Residential Care Home**

### **Silverpoint Court celebrate their Open Day and the Royal Wedding**

Each year, Care Homes across the UK open their doors to the public for national Care Home Open Day. This fun event aims to showcase what goes on in our fantastic Care Homes across the country. In its 6th year this year, Care Home Open Day took place on Saturday 21 April - and here at Silverpoint Court Residential Care Home we joined in the celebrations!

We invited [Wild Science](#) along to our **Home** to entertain our residents and **Open Day** visitors with a range of furry friends. Wild Science offers Animal Workshops in the UK - showcasing a wide range of cute and exotic animals by knowledgeable and friendly experts.

One of our ladies, Marjorie Hawkins, really enjoyed holding and petting a very fluffy bunny. One of our gentlemen, Fred Banyard, also enjoyed time with the pets and was joined at one point by Rebecca Harris – MP for Castle Point and Rochford and Government whip, who we were delighted to welcome to our **Home**.

On 19 May, we were excited to celebrate the Royal Wedding along with the rest of the country. We laid a special wedding table ready for the afternoon festivities, with decorations, sparkly hats to wear and lots of Union Jack flags!

One of our ladies, Emily Fitzgerald, looked the part in her wedding hat, waving her flag for Harry and Megan! We all really enjoyed the special day, watching the happy couple tie the knot.
